

DISTRIBUTED GENERATION AND RENEWABLE ENERGY SOURCES

Academic Seminar
Glasgow, United Kingdom
7th of April, 2011

This seminar for **early career researchers and PhD students** is an opportunity to **exchange knowledge and experience** with other researchers and students who focus on DG and RES. This one-day event is part of the series of academic seminars of DERlab.

Participants are invited to present and discuss their work. **Presentations** from the previous seminar of 2009 in Athens are available from the DERlab webpage.

The event takes place at the University of Strathclyde in Glasgow in the 7th of April, **following the International Conference on Microgeneration and related technologies**, Microgen II (4th - 6th of April). A social event is planned for the evening of the 6th of April.

Participation is free of charge. The number of participants is limited so **please register by the 28th of February** at www.der-lab.net.
